ABOUT THE SERIES

Guided by 4 core principles—common purpose, shared mindset, diverse team membership, supportive environment— **Dr. Dove** explains how to meet the challenges of collaborating with ELLs/MLLs and help all stakeholders—administrators, teachers, students, parents, community leaders—develop effective ways of working together for the success of all learners.

Dr. Dove will help **all educators**—central office and building administrators, department chairs, instructional coaches, teacher leaders, grade-level and content area teachers, and para-professionals—to develop and sustain purposeful collaboration and co-teaching practices to support ELLs/MLLs and their families as well as all students. Goals include:

- Supporting educators to engage in critical conversations, reflections, and action planning around collaboration and co-teaching practices (according to NYSED guidelines for integrated English as a New Language);
- Unpacking the 4 core principles in the book ***Team Up; Speak Up, Fire Up!*** to meet the challenges of collaboration;
- Reviewing, evaluating, and adapting the collaborative instructional cycle that promotes an integrated service delivery in the K-12 setting via NYSED mandates;
- Fostering students' social skills, including teamwork and sharing, and their ability to establish and repair relationships.
